FOREWORD

As we come to the close of another school year, we pause to look back on the memories enjoyed during our high school years, years spent at Seagrove Hi, a name that we will cherish through the years of our life. The formula for our happiness has been in exploring new territories, territories of Peace Essays, Dramatics, and Debating . . . we have also had fun in the games that we have won and lost. There is the mingling with people during our Washington trip . . . the feel of your first formal evening at your Junior-Senior Banquet . . . the nervousness and the feeling of accomplishment in the Junior and Senior plays . . . the crowning of the King and Queen and the gaiety of all the Halloween festivities. These together, with the encouragement and kindness of our teachers, the companionship of our fellow students have helped to make this the most enjoyable time of our lives. To you, the faculty, our principal, Mr. Barker, his associates, and our fellow classmates, we extend our earnest regret of departure.

Dedication

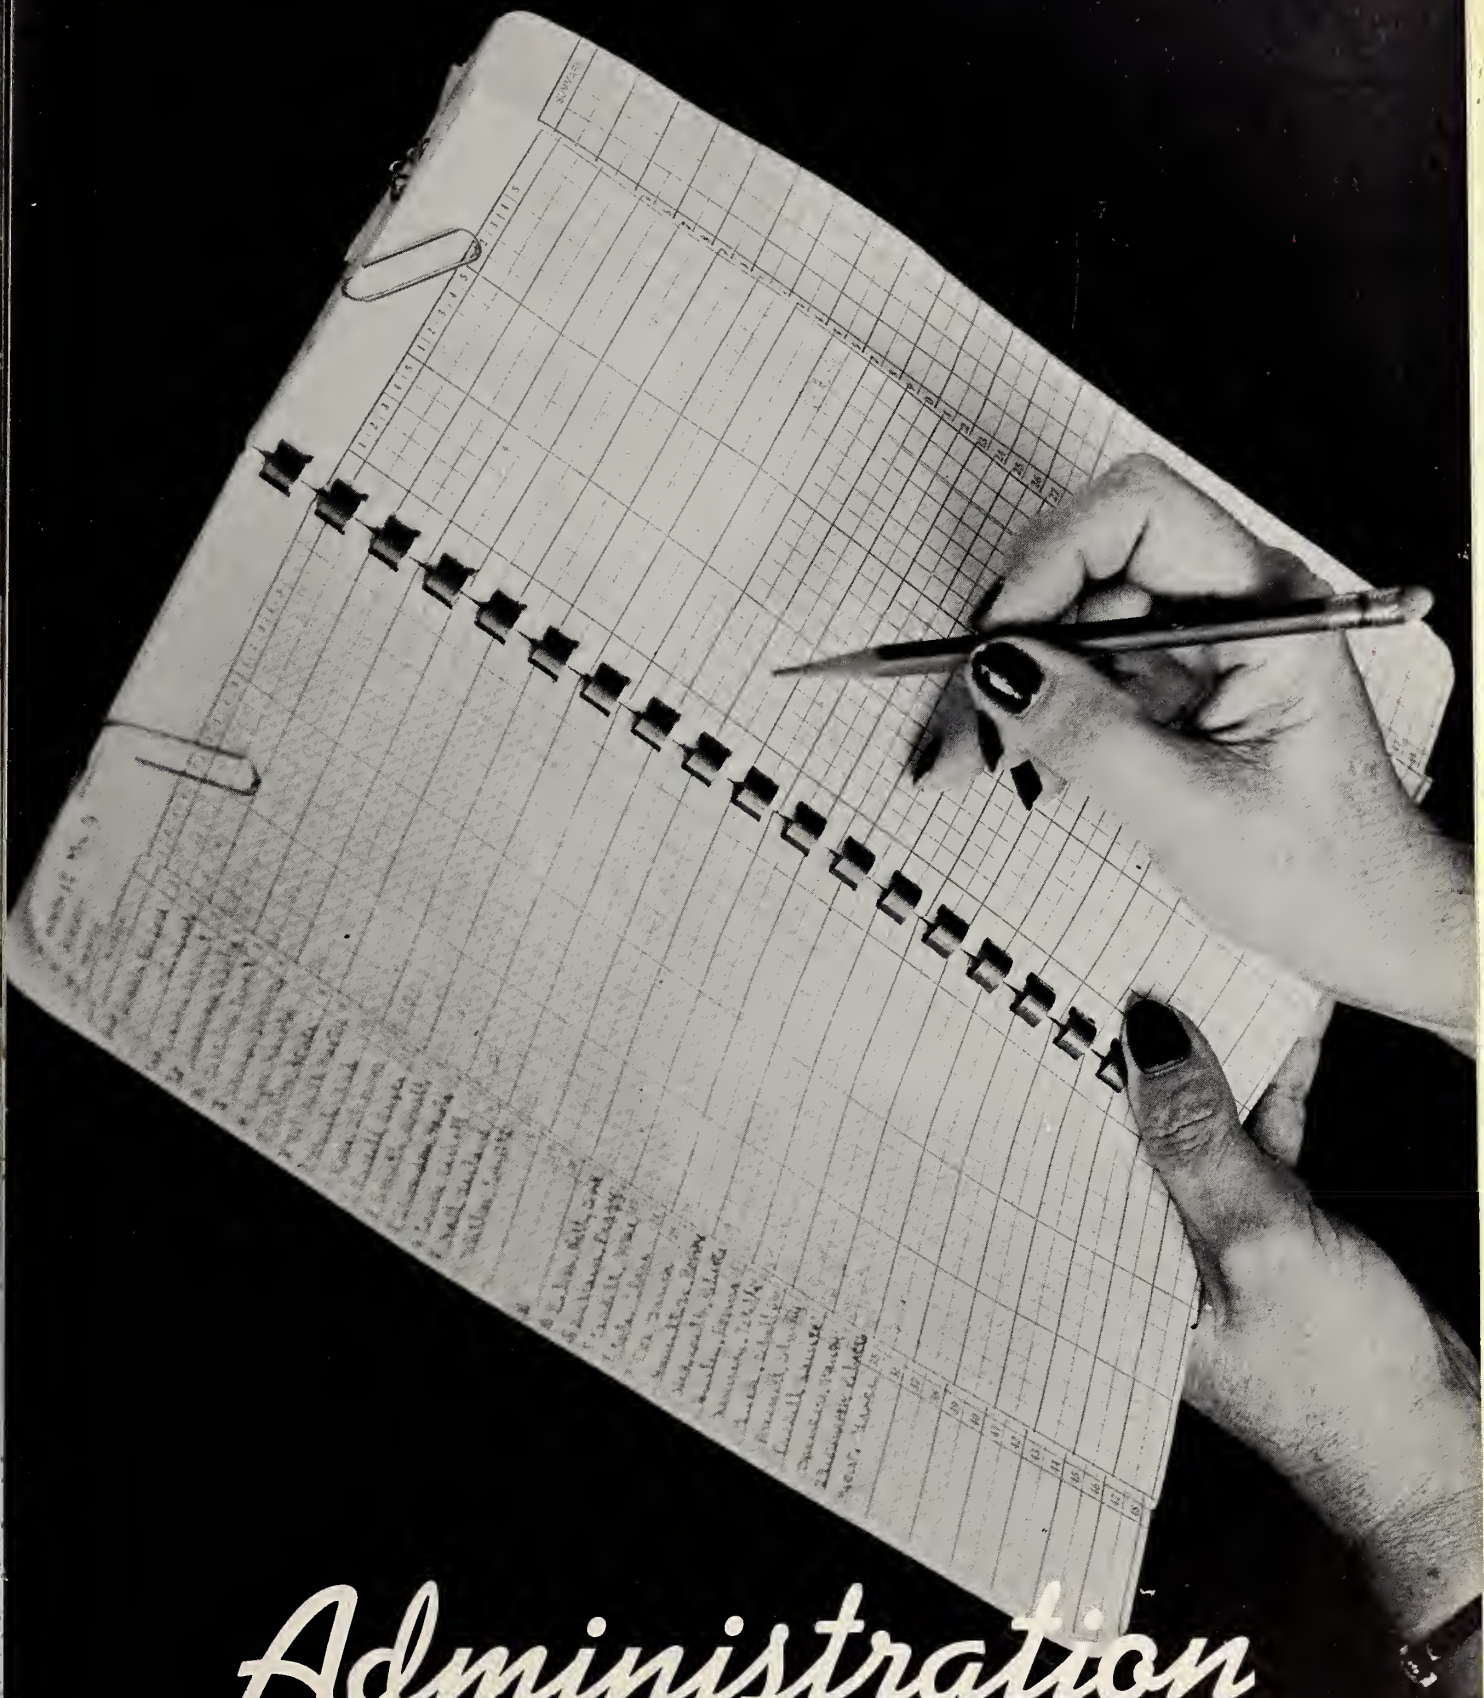

There are times when we need a counselor, when our paths of life grow dark, a warm smile of friendship when our future looks dim; an encouraging word when our spirits are low; some one to direct us onward and upward on the ladder of life. We have found all these qualities in our senior sponsor. We, the 1955 staff, sincerely hope by dedicating our Se-Hi to her will express our esteem of her, and our thanks. To Miss Inez Wannamaker we dedicate our 1955 Se-Hi.

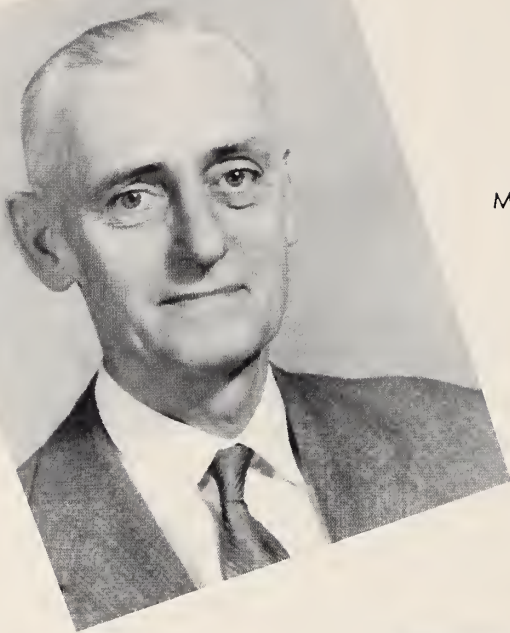

There comes a time in everyone's life when you will need someone to rely on, a person with an understanding for you, and patience with your many mistakes. Friends are your most cherished possessions, and we have found, not only a friend, but an advisor and helper as well.

When we began our High School life, four years ago, we were uncertain, but this teacher understood and led us as she would have her own. We, the 1955 staff, sincerely hope by dedicating our Se-Hi to her will express our many thanks. To Mrs. Walker W. Derr, we dedicate our 1955 Se-Hi.

THE RAINBOW DIPS

Classmates, I behold a gorgeous rainbow,
Flung against a cloud-flecked sky;
It spans across the lofty heavens:
It dips so low and lifts so high—
It dips and drips its glory;
In pastel rays it tells its story.

The rainbow earthward turns so kindly,
On us, the seniors here below;
It sprays us all with confidence,
And gives us an inner glow.
Each color flashes down upon us
Through the clouds of misty haze.
Methinks it spreads its mantle
To shower us with hope and goodly praise.

The violet seems to chase away our troubles
And quiet all our alarms;
The orange is dropping a pot of gold
Into our open arms;

The indigo is dishing out its wisdom
With a silver spoon;
The blue lets fall its magic rays
Lifting, transporting us over the moon.

The red is dressing us in tailored suits
And fine velvet gowns;
The yellow flings out its golden coaches
To ride us about the towns;
And the green is growing envious,
And outdoing all the rest:
It's giving us hope and courage
For all our lives to do our best.

So, as seniors, out in life we go,
Blessed by sun and cloud and bow;
This, dear friends, is our true story—
The rainbow dips to shower us with glory.

CLASS HISTORY

In the fall of 1951, there were fifty-five students, who entered high school. We were a little timid at first, but after much confusion, we settled down to work.

As Freshmen we chose for class officers: Maxton McNeill, president; Carroll Comer, vice-president; Rozine Hurley, secretary; and James McNeill, treasurer. Since the class was large, it was divided. Mrs. Walker Woody Derr taking the girls and Mr. Edward Bizzell, Jr., the boys. We visited Chapel Hill during our first year. The girls on the basketball team were: Mattie Simmons, Jane Ashburn, Margaret Wright, and Mildred Graves. The boys were: Raiford Brown, Carroll Comer, Wesley Freeman, Maxton McNeill, and Garland Hall. The boys who played baseball were: Harold Thompson, Thomas Rose, Maxton McNeill, James McNeill, and Garland Hall. With some hard work, along with some fun, we bid the title "Freshmen" good-bye and looked toward our Sophomore year.

Sophomores! Now we had really become a part of high school. Again this year our class was divided. Mrs. Wade Harris was the homeroom teacher for the girls and Mr. T. W. Parker, the boys. The officers for our Sophomore Class were: Jimmy Kemp, president; Carroll Comer, vice-president; Rozine Hurley, secretary; and Bobby Bray, treasurer. The boys on the basketball team were: Raiford Brown, Carroll Comer, Harvey Evans, Wesley Freeman, Winfred Brown, Garland Hall, Maxton McNeill, and Thomas Rose. The boys on the baseball team were: Thomas Rose, Harold Thompson, Maxton McNeill, and Garland Hall. The boys on the football team were: Jimmy Kemp and Fred Marsh. The girls on the basketball team were: Jane Ashburn, Hilda Marley, Nancy Spencer and Mildred Graves. Only too soon we had bid the title "Sophomore" good-bye and looked toward our Junior year.

Juniors! And did that sound grown-up. We were very happy and fortunate to have Mrs. J. C. Hough as our homeroom teacher. Our class officers were: Jimmy Kemp, president; Horace Luther, vice-president; Grace Yow, secretary; Raiford Brown, treasurer; and Peggy Brittain, reporter. The boys who played football were: Jimmy Kemp and Fred Marsh. The baseball players were: Harold Thompson, Donald Smith, Thomas Rose, Maxton McNeill, and Jimmy Kemp. The boys on the

basketball team were: Raiford Brown, Carroll Comer, Wesley Freeman, Donald Smith, and Maxton McNeill. The girls were: Hilda Marley and Nancy Spencer. In order to raise money for the Junior-Senior Banquet, we sold magazines, and presented as our play, "They Gave Him A Co-ed." We held the banquet in April. This year nine members received bids to the Beta Club. They were: Betty Baker, Raiford Brown, Mae Caudill, Jimmy Kemp, Shelby Luck, Horace Luther, Hilda Marley, Bryce Russell and Rebecca Thompson. Within a few short months we had bid our Junior year good-bye and looked toward our last year of high school, our senior year.

Seniors! Our last year of high school! How could we have reached the top so soon? We were quite a smaller group than when we first reached high school, but we had gained a great deal of knowledge. This year we have thirty-two members in our class. For class officers we chose: Jimmy Kemp, president; Rebecca Thompson, vice-president; Raiford Brown, secretary; Rebecca Hedgepeth, treasurer; and Peggy Brittain, reporter. We were very glad to have Miss Inez Wannamaker as our homeroom teacher and sponsor. Again this year four members of our class received bids to the Beta Club. They were: Peggy Brittain, Rozine Hurley, Grace Yow, and Norma Hamilton. The only girl on the basketball team is Rebecca Hedgepeth. The boys were: Raiford Brown, Carroll Comer, Wesley Freeman, Maxton McNeill, Donald Smith, and Harold Thompson. The boys who played football during the senior year were: Fred Marsh, Jimmy Kemp, Harold Thompson, Wesley Freeman, and Thomas Rose. Our class play was "Aaron Slick From Punkin Crick." Our class night program was "One Foot On Earth."

As we think of leaving, we would like to stop and thank each teacher for his understanding, encouragement and patience. We were a little sad when we thought of leaving our many friends, teachers, and "dear ole" Seagrove High. We knew that we had spent some of the happiest and best years of our lives there, but as we look out into the future, we pray to God, that we will find great and successful lives.

CLASS PROPHECY

On the day of May 23, 1965, the editor of the Seagrove Daily," Maxton McNeill assigned me, Rebecca Thompson, his reporter, to find the location and the vocation of the members of the class of Se-Hi of 1955. The job was naturally hard, for so many had gone different ways, but I finally found that:

Betty Baker is a dramatics teacher for the Chapel Hill Playmakers. She writes plays during her spare time.

If you have been to Appalachian College you will meet the new dean, none other than Peggy Brittain. She is also head of the English Department.

Raifard Brown is the owner of the largest beauty salon in New York City. He is one of his best customers.

Winfred Brown is directing the Firestone Orchestra and he is playing a jew's harp during his spare time.

Mae Caudill is a wonderful housekeeper. I don't see how she does it with so many children running around.

Elsie Cole is now working in the Chemical Laboratory in Seagrove. She is also married and is living in a marble house, which she designed herself.

Carroll Camer is a Greyhound bus driver and is managing a big cattle ranch at Erect Plantation.

Irma Jean Cox is the president of the largest bank in Chicago.

Kermit Craven is head of a Hardware Company at Brower. He says that he's not selling rolling pins anymore but he had a large supply of can openers for brides.

Wesley Freeman is going to defend his title, Champion of the World, in Madison Square Garden this spring.

Ernest Gatlin is test driving the new Mercurys in the Pan American World Race.

Garland Hall is now drawing for the All-American Comedy Strip Company. All that he had to do is look into a mirror and draw what he sees.

Norma Hamilton has finally succeeded in being president of the United States.

April's issue of the Life magazine disappeared fast on the newsstand, but no wonder, our own Rebecca Hedgepeth was on the cover. She is a model for the New York Designers.

Who is the new dentist in town? She is none other than Rozine Hurley.

Everyone is buying tickets for the famous All-American Wrestling Match, featuring champion, Jimmy Kemp, and the famous Swedish Angel. I'm assured that this will be a good match.

Estelle Kennedy, as you know, attended Wake Forest College. She is on the faculty now.

Harald Kizer is a multi-millionaire chicken raiser and will probably someday surprise the entire world of chickens.

Shelby Luck is the head nurse at Duke Hospital. She hasn't lost a patient.

Harace Luther is now a professor in Economics. He is studying for a higher degree.

Fred Marsh is driving for Jack Cochran's World Hell Drivers. He is one of the top men in this field.

Shirley Presnell is one of Greensboro's best Beauty Experts.

Janice Russell is going to Hollywood and she will give other actresses competition. She will be a great success in the new film industry.

Bryce Russell is one of the top scientists of today. It is said that he is a wizard and can split an atom to the Nth degree.

Donald Smith will replace Mr. Parker as agriculture teacher at Seagrove High School. He plans to increase the yield per acre of tobacco in Randolph County.

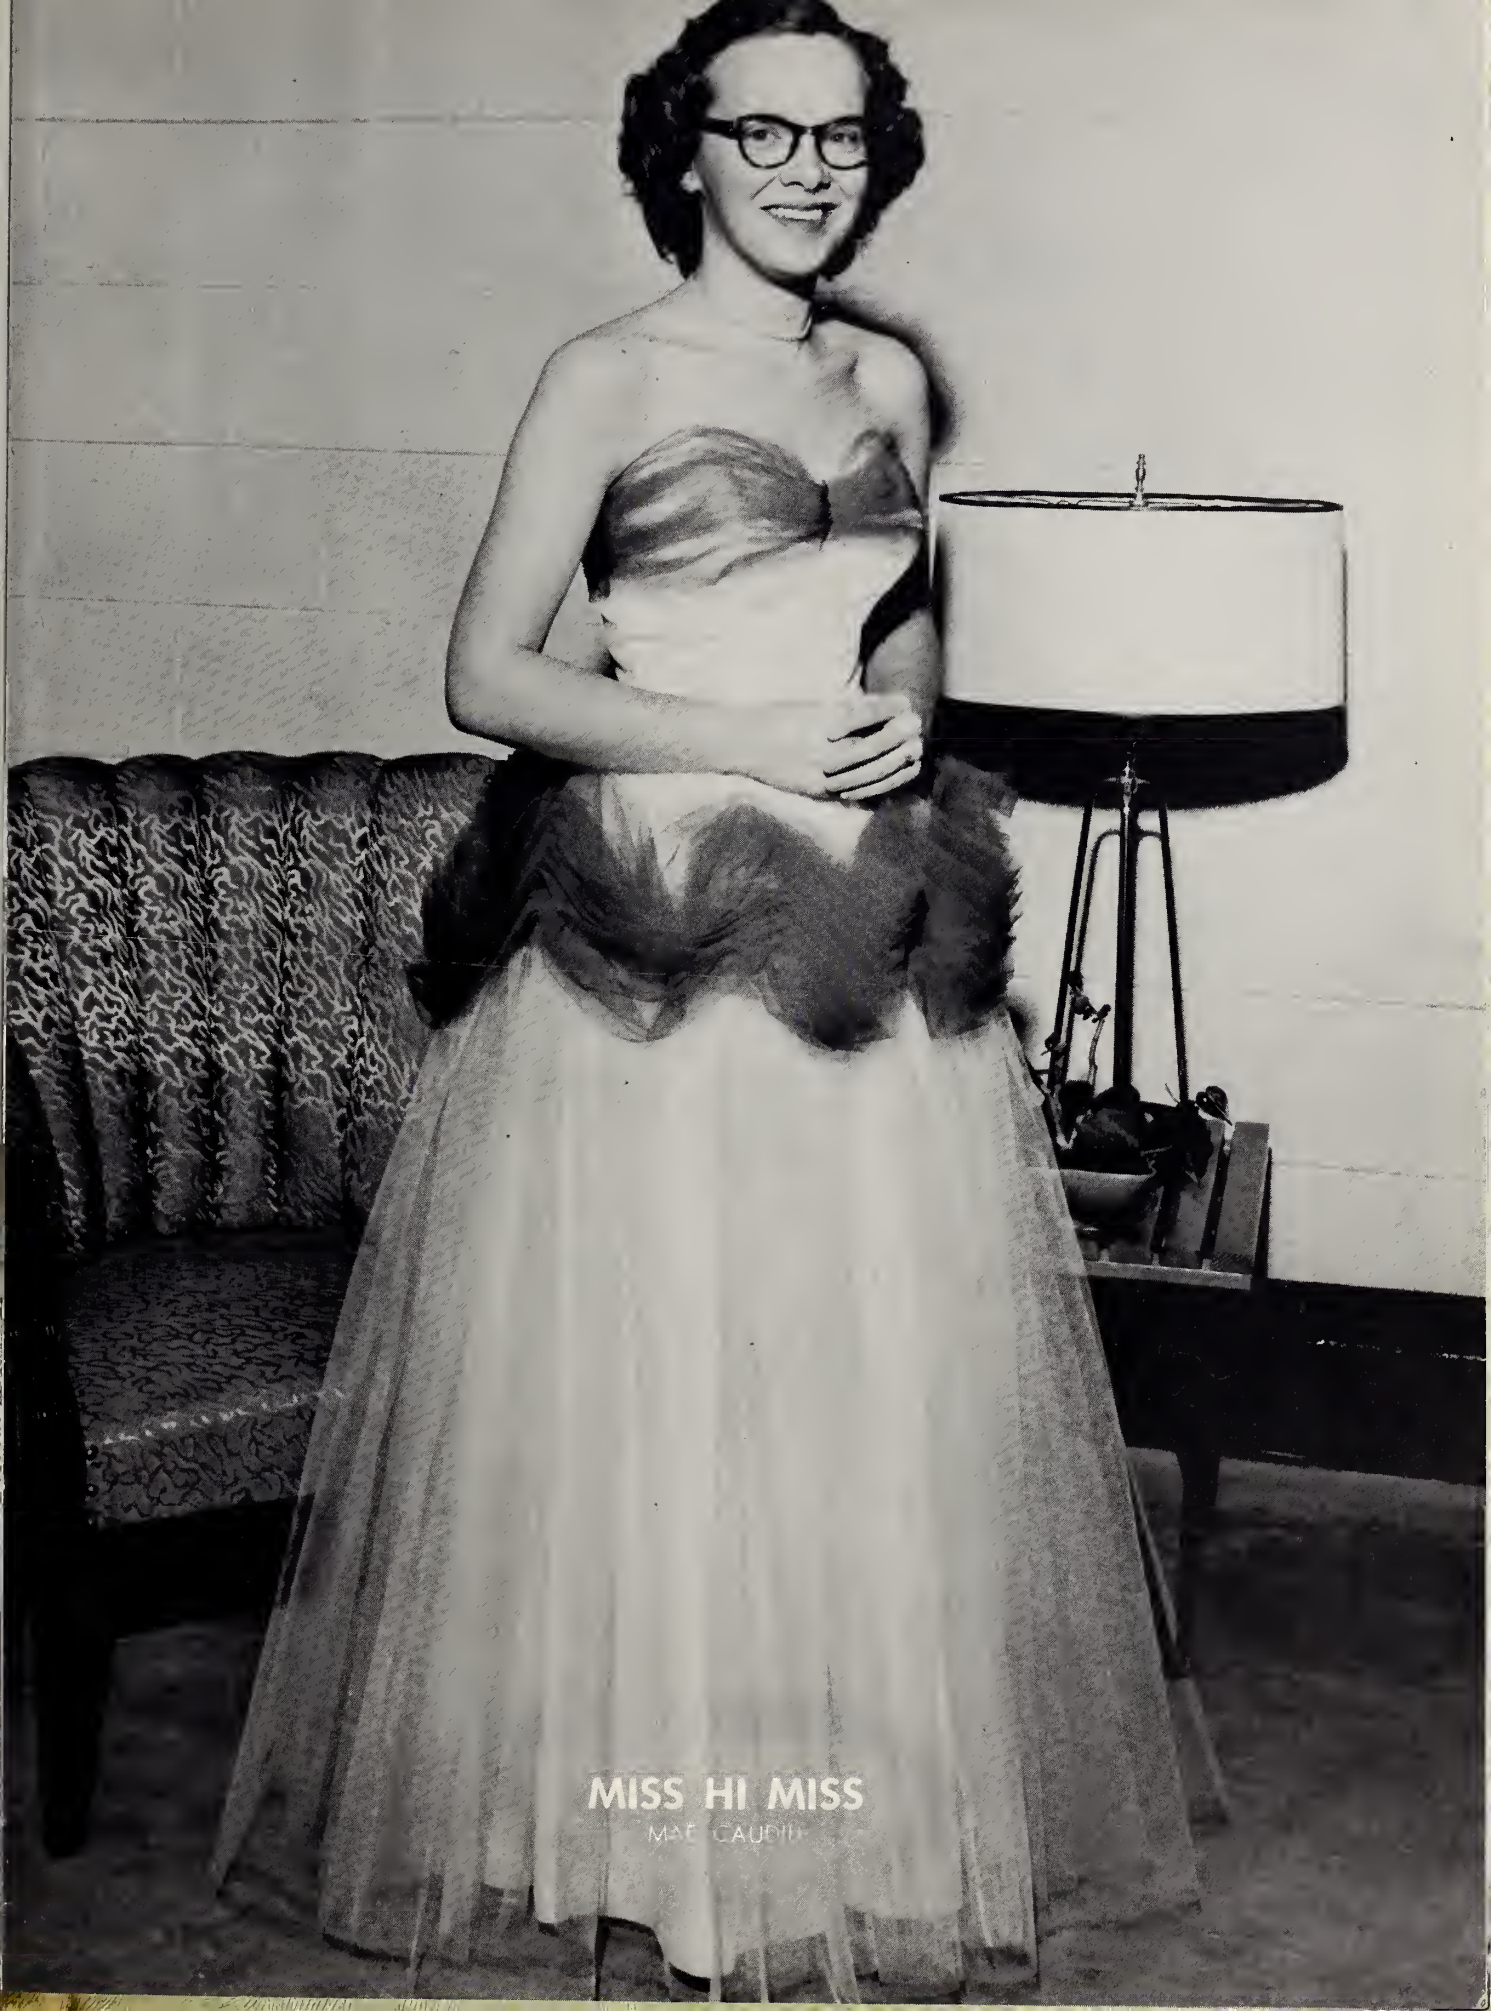

Nancy Spencer is a professional wrestler and judo teacher at Seagrave High School. She is really getting the girls in shape.

Harold Thompson is now pitching baseball in the major leagues. He was voted top pitcher for the past year.

Everett Walker is driving in the hot-rod race across the Nevada flats. He is testing one of his engines which he made himself.

Grace Yow is now an instructor of Home Economics at Guilford College and she really enjoys her work.

Modern Man and Girl

QUESTIONS OF PAYMENT

PERHAPS no other situations of the modern day present so many unsolved problems as that of the girl, the man and questions of payment. If a man be really well to do, then in a situation that can be termed social the conventional expectation that all payments be assumed by him is followed without question, but when his pay envelope is a thin one, it is merest common sense to give this fact reasonable consideration.

In this modern day, when women are competing with men in politics, in business and in every profession, it is really senseless to cling to that one obsolete convention—no matter what the circumstances—that the man must buy the tickets, pay the check, pay the taxi, or else be branded a gigolo or a parasite. The modern point of view has changed in every particular save this one! Certainly it does not seem logical that an otherwise modern man-and-girl situation should still be depicted as that of a Victorian lady dependent for her safety in public upon the protection of a chivalrous gentleman, instead of the modern one of girl friend and boy friend—or one business associate and another.

The problem of adjusting modern situations to fixed Victorian prejudice has not as yet been solved. In fact these paragraphs are written in the hope that some of those who read them may be encouraged to find a solution to troublesome incidents which on one occasion or another confront each one of us. Surely it ought to be possible in this present day of woman's professional equality to make it her turn or her treat, without putting the man she is with in a position of embarrassment.

Ethically this subject comes down to a question of underlying motive. The man who is deliberately "out for what he can get" from a woman, is a type of parasite that is not even mentionable.
